Dear sir/Madam

I am is Asif B, currently persuing my MCA degree. After reviewing your job description, its clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently, and according to my skills i am confident that i am perfectly suitable for the roles and responsibilities required for this job.

Recently i have completed some of technical courses on Mysql, web development and Python. I have been an active member of academic projects such as Hotel Room Booking website and Banquet hall booking website and Voice Assistant project in Python where i got practical knowledge during this projects tenure.

When I talk about my hobbies i am always excited to learn new technologies and implement in my academic projects. Also i loves to read the books and playing cricket.

I would like to be a part of this reputed firm, where i can utilize my skills, knowledge and talent. I strongly believe that if given a chance I will prove myself and contribute to the growth and success of this amazing organization.

Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely

(Asif B)
